

Branded internet made easy

MEMBER'S
INTERNET

Australia's first B2B2C co-branded internet service

Member's Internet offers premium broadband plans your customers, members, and employees will value — with meaningful savings that encourage retention and engagement. With setup, site build, and regulatory compliance fully managed by us, your organisation can offer a range of co-branded plans that strengthen loyalty, generate revenue, and deliver measurable business impact.

Your brand as the hero

A co-branded internet experience with your logo, brand colours, and custom plan names. We handle setup, site build, compliance, and management — ensuring a smooth rollout.

Revenue back to you

Create a new, recurring revenue stream at no upfront cost. Transparent monthly reporting keeps you in control, and returns flow directly to your organisation or member programs.

Built to strengthen loyalty

Enhance your loyalty or rewards program with a practical benefit that keeps your brand front of mind and gives members another reason to stick with you.

Real value for members

Benefits and savings your members, customers, and employees will use and appreciate every day - including fast and reliable coverage, plus unlimited data.

Trusted partner provider

Provide full access to Australia's most trusted and connected broadband network, with always-on network monitoring, comprehensive cyber security, and Aussie-based support.

Dedicated support from day one

From setup and microsite build to ongoing support and regulatory compliance, we manage the full lifecycle so your team can focus on strategic growth.

Member's Internet is right for your business if you are:

- Looking to introduce a new offering that generates revenue with minimal setup and compliance effort
- Seeking to boost member loyalty through a practical, everyday benefit
- Wanting to maintain regular, meaningful engagement with your members
- Operating a scalable loyalty program that evolves with the membership base
- Regularly communicating with your members
